Notes: (1) Exchanges have tiers that depend on a range of factors and may not necessarily apply to the orders covered by this report. The fee paid or rebate received for customer not-held orders that are subject to these disclosures is as disclosed in this public report. (2) DASH operates an ATS (DASH ATS) for options. However, Dash ATS is not reported as a venue because the ATS does not execute subscriber orders, and no trades actually occur on Dash ATS. All transactions facilitated by the ATS occur through the automated auction facilities of registered options exchanges pursuant to the exchanges' rules. As such, DASH is paid a commission/fee by the subscribers, both originating order senders and the contra liquidity providers, of the ATS. The transactions facilitated by the ATS are subject to fee and rebate structures contained in the aforementioned agreements. (3) In addition to the marketing fee arrangements discussed above for CBOE, EDGO, AMEX and PHLX, MIAX, ISE and MRX have Marketing Fee arrangements which are described in the exchanges' fee schedules. Where such Marketing Fee arrangements exist, DASH may receive a portion of the fees for applicable transactions.
